Casey Brown

casey.brown@infrawave.net | 555-010-0004

SUMMARY

DevOps and SRE practitioner with focus on infrastructure automation, container orchestration, and multi-region resilience. Experience running production Kubernetes clusters on AWS and GCP.

TECHNICAL SKILLS

Cloud & DevOps: AWS, Kubernetes, Terraform, Docker, Helm, CI/CD, GitHub Actions, Prometheus, Grafana

Scripting: Python, Bash, Go, Linux

EXPERIENCE

DevOps Lead | InfraWave Solutions | Jan 2022 - Present

Provisioned zero-downtime infrastructure across 3 AWS regions using Terraform and Kubernetes. Automated CI/CD deployment pipelines cutting lead time from 4 days to 25 minutes.

Systems Engineer | LegacyNet Corp | Jan 2018 - Mar 2024

Maintained hybrid cloud infrastructure, automated backup policies, and resolved high-severity production incidents.

EDUCATION

Associate Degree in Information Technology | City College | Graduated 2017
